

Data point	In log	Code	Type
Programming Data (Saturday)		128	Raw
Programming data (Sunday)		129	Raw
Limescale resistant		130	Bool
Status	No	3	Enum
Automatic time sync		131	Bool
Time setting		132	Raw
External temperature		133	Bool
External room temperature	No	134	Int
Temperature linkage	No	135	Bool
Window check		8	Bool
Anti frost		10	Bool
Temperature correction		27	Int
Switch		101	Bool
Temperature		102	Int
Set temperature		103	Int
Child lock		40	Bool
Heating time	No	104	Integer
Battery level alarm		105	Bitmap
Leave home		106	Bool
Programming mode		107	Raw
Programming switch		108	Bool
Programming date (invalid.....)	No	109	Raw
Historical data protocol (day-set temperature)		110	Raw
Time sync (not enabled)	No	111	Raw
Historical data protocol (week-set temperature)		112	Raw
Historical data protocol (month-set temperature)		113	Raw
Historical data protocol (year-set temperature)		114	Raw
Historical Data Protocol (Day-Current Temperature)		115	Raw
Historical Data Protocol (Week-Current Temperature)		116	Raw
Historical Data Protocol (Month-Current Temperature)		117	Raw
Historical Data Protocol (Year-Current Temperature)		118	Raw
Historical Data Protocol (Day-Opening motor)		119	Raw
Historical Data Protocol (Week- Opening motor)		120	Raw
Historical Data Protocol (Month- Opening motor)		121	Raw
Historical Data Protocol (Year- Opening motor)		122	Raw
Programming Data (Monday)		123	Raw
Programming Data (Tuesday)		124	Raw
Programming Data (Wednesday)		125	Raw
Programming Data (Thursday)		126	Raw
Programming Data (Friday)		127	Raw
